

**6x 5 minute comedy series for ABC iview by Epic Films & Gravity Films.  
To be filmed in Adelaide in May 2016.**

*Harry is an Uber driver for three reasons: he really wants to make friends; he really needs the money; and he really can't hold down any other job. Harry also lurks somewhere on the autism spectrum. That's why he tries really, really hard to act normally. It's also why he tries so hard to be helpful, but for some reason, it never seems to work.*

*Nevertheless, Harry is eternally optimistic - especially about his love for Wendy, the girl from his favourite drive-thru restaurant. Harry spends his life trying to turn passengers into friends, and Wendy into his girlfriend.*
